IN THE MATTER OF APPLICATION SERIAL NO.: 86/852,385

MARK: O2SIS

PUBLISHED IN THE OFFICIAL GAZETTE ON: December 20, 2016

LVD Acquisition, LLC

Opposer,

v.

LG Electronics Inc.

OPPOSITION NO. _____

Applicant.

NOTICE OF OPPOSITION

LVD Acquisition, LLC, is a limited liability company of the state of Delaware, which does business as Oasis International (and which will hereinafter be referred to as such) and which has a principal place of business at 222 E. Campus View Blvd. Columbus, Ohio 43235. Oasis International believes that it will be damaged by the registration of the mark shown in U.S. Application Serial No. 86/852,385 (“the ’385 Application”), and hereby opposes the same. The time to oppose is open until January 19, 2017, so this filing is timely. As grounds for opposition, Oasis International alleges:

OASIS INTERNATIONAL'S FEDERAL TRADEMARK REGISTRATIONS FOR OASIS
AND RIGHTS IN THE OASIS MARK

1. Oasis International is a manufacturing company that originated in the United States of America in 1910 as the D.A. Ebinger Sanitary Manufacturing Company (“D.A. Ebinger”), which manufactured and sold water cooler and dehumidifier products.
2. In 1935, the assets of D.A. Ebinger were purchased by a group of executives in Columbus, Ohio and the company was renamed EBCO Manufacturing Company. The company began using the OASIS trademark in commerce, as associated with water coolers and water consumption-related goods and services, at least as early as this time.
3. On November 21, 1961, EBCO Manufacturing Company filed U.S. Trademark Application Serial No. 72/132,452 (“the ’452 Application”) to register the OASIS mark as associated with “Drinking fountains and accessories therefore – namely, bubbler valves, pressure regulator valves, faucets, drinking glass filler pipes, drain traps and pipe line strainers”.
4. The ’452 Application was filed based on use of the OASIS mark in United States commerce at least as early as August 4, 1941. On October 23, 1962, the ’452 Application issued as U.S. Trademark Registration No. 739,633 (“the ’633 Registration”), a true and accurate copy of which is hereby attached as Exhibit A. *See* the Declaration of Melissa Rogers McCurdy which is hereby attached as Exhibit F, providing authentication. *See also* Exhibit E which includes an accompanying true and accurate printout of the U.S. Trademark Office’s Trademark Status and Document Retrieval System which shows the current status and owner of the ’633 Registration.

5. On November 21, 1961, EBCO Manufacturing Company also filed U.S. Trademark Application Serial No. 72/132,451 (“the ’451 Application”) to register the OASIS mark in International Class 34 (now International class 11) for “electrically-actuated dehumidifiers for removing moisture from the air by condensation.”
6. The ’451 Application was based on use of the OASIS mark in United States commerce at least as early as August 9, 1949. The ’451 Application issued as U.S. Trademark Registration No. 739,747 (“the ’747 Registration”) on October 23, 1962. A true and correct copy of the ’747 Registration is attached as Exhibit B. *See* Exhibit F. *See also* Exhibit E which includes an accompanying true and accurate printout of the U.S. Trademark Office’s Trademark Status and Document Retrieval System which shows the current status and owner of the ’747 Registration.
7. On May 11, 1965, EBCO Manufacturing Company filed U.S. Trademark Application Ser. No. 72/218,539 (“the ’539 Application”) to register the OASIS mark as associated with “Electrically Refrigerated Water Coolers”.
8. The ’539 Application was based on use of the OASIS mark in United States commerce at least as early as August 4, 1941. The ’539 Application issued as U.S. Trademark Registration No. 805,948 (“the ’948 Registration”) on March 22, 1966. A true and correct copy of the ’948 Registration is attached as Exhibit C. *See* Exhibit F. *See also* Exhibit E which includes an accompanying true and accurate printout of the U.S. Trademark Office’s Trademark Status and Document Retrieval System which shows the current status and owner of the ’948 Registration.

9. On July 17, 1972, EBCO Manufacturing Company filed U.S. Trademark Application Serial No. 72/430,039 (“the ’039 Application”), to register the OASIS mark as associated with “Cabinet-Type, Non-Refrigerated, Bottled Drinking Water Dispensers.”
10. The ’039 Application was based on use of the OASIS mark in United States commerce in association with the listed goods at least as early as August 1962. The United States Trademark Office duly registered the ’039 Application as US Trademark Registration No. 982,171 (“the ’171 Registration”) on April 16, 1974. A true and correct copy of the ’171 Registration is attached as Exhibit D. *See* Exhibit F. *See also* Exhibit E which includes an accompanying true and accurate printout of the U.S. Trademark Office’s Trademark Status and Document Retrieval System which shows the current status and owner of the ’171 Registration.
11. At least as early as the 1970’s, EBCO Manufacturing began selling its OASIS products internationally.
12. In 1997, EBCO Manufacturing Company changed its name to the Oasis Corporation. The Oasis Corporation continued to manufacture and sell water coolers and other water consumption-related products in commerce in the United States and throughout the world under the OASIS mark.
13. In 2005, Oasis Corporation was purchased by Zohar Waterworks LLC which was subsequently purchased by LVD Acquisition, LLC (“LVD Acquisition”) in 2009. The company has continued to sell water coolers and other water consumption-related products in commerce (throughout the world and within United States commerce) under the OASIS mark.

14. Through a long series of assignments, LVD Acquisition was assigned the trademark rights that are the subject of, amongst other things, the '171 Registration, the '948 Registration, the '747 Registration, and the '633 Registration.
15. The '171 Registration, the '948 Registration, the '747 Registration, and the '633 Registration have each been renewed with the United States Trademark Office, have incontestable status, are in good standing, and are owned by LVD Acquisition. *See* Exhibit E which collectively comprises true and accurate copies of printouts of the records of the Trademark Status & Document Retrieval system maintained by the United States Trademark Office for each of the aforementioned trademark registrations; *See also* Exhibit F.
16. In addition to its registered trademark rights, LVD Acquisition has substantial common law rights in the OASIS mark throughout the United States as associated with at least water consumption-related goods, coolers, filtration products, and dehumidifiers.
17. Over the years, LVD Acquisition and its predecessors have spent a considerable amount of money and have exercised great effort in advertising and establishing the OASIS Mark ("the Mark") in the minds of consumers throughout the United States and throughout the world as an identifier of LVD's high-quality goods and services.
18. LVD Acquisition maintains OASIS websites at the following domains:

www.oasis.ie

www.oasiscoolers.com
19. The websites are one way in which LVD Acquisition LLC advertises its goods sold under the OASIS mark.

20. The OASIS mark is a distinctive and famous mark as it is widely recognized by the general consuming public of the United States as a designation of source of the goods of Oasis International.
21. The OASIS mark had acquired its distinctive and famous standing at least as early as the date upon which the '385 Application was filed.

APPLICANT

22. On information and belief, LG Electronics Inc. is a Corporation organized in the Republic of Korea.
23. Applicant filed the '385 Application on December 17, 2015, for the mark O2SIS.
24. The '385 Application was filed in International Class 11 and currently recites the following goods: "Lighting apparatus, namely, lighting installations; Heating elements, Steam generators and steam generating installations, Cooking ovens and cooking ranges, Refrigerating appliances and installations, Clothes drying machines, Ventilating exhaust fans; Air purifier; Humidifiers; Dehumidifiers; Water purifiers for household purpose; Air conditioner; Refrigerator; Electric freezer; Wine coolers, namely, refrigerated cabinets containing racks for wine bottles and storage shelves; Gas refrigerators; Electric space cooling apparatus for household purposes; Electric light wave ovens for cooking, grilling and microwaving; Electric laundry dryers; Gas ranges; Microwave ovens; Gas cooktops."
25. Applicant filed the '385 Application based upon an alleged "intent to use" the mark in commerce.
26. The '385 Application was published for opposition in the Official Gazette of December 20, 2016.

LIKELIHOOD OF CONFUSION AND DILUTION

27. The O2SIS mark represented by the '385 Application and Oasis International's OASIS mark are similar as to appearance, sound, connotation and commercial impression.
28. Moreover, the goods upon which Applicant proposes that it would use the O2SIS mark (the goods that are recited by the '385 Application), are such that a consumer would be reasonable in concluding they could emanate from Oasis International in light of the similar and identical goods that Oasis International sells under the OASIS mark in commerce.
29. Oasis International's OASIS mark was in use in commerce long before the date on which the Applicant filed the '385 Application.
30. The Applicant has neither sought, nor has Oasis International given, any consent as to the Applicant's proposed use of the mark represented by the '385 Application.
31. Oasis International's OASIS mark has become well-known, and is famous, in the industry through the extensive length of use, the amount of sales revenue achieved, and recognition by consumers of OASIS goods and services as emanating from Oasis International.
32. The extent of potential confusion is substantial if the Applicant is permitted to register the mark represented by the '385 Application.
33. Oasis International has standing to pursue this Opposition.
34. Registration of the '385 Application to Applicant in association with the goods of class 011 that are recited by the Application would cause an impermissible dilution of the goodwill associated with the Oasis International OASIS mark that is represented by the '171 Registration, the '948 Registration, the '747 Registration, and the '633 Registration.
35. Registration of the '385 Application to Applicant in association with the class 011 goods that are recited by the '385 Application would be likely to cause dilution by blurring of

Oasis International's famous OASIS mark as specifically forbidden by 15 U.S.C. § 1125(c).

36. Registration of the '385 Application to Applicant and use of the O2SIS mark by Applicant is likely to cause confusion, or to cause mistake, or to deceive, particularly as to the source or origin of the goods and services with which Applicant proposes to use its mark, to induce purchasers to believe that the goods and services of Applicant are those of Oasis International, or are endorsed by, or are in some way affiliated or associated with Oasis International.

37. Registration of the '385 Application to Applicant and use of the O2SIS mark by Applicant would cause confusion, or mistake, or deception as is specifically prohibited by 15 U.S.C. § 1052(d)

38. Registration of the '385 Application to Applicant would presumptively entitle Applicant to *prima facie* exclusive ownership and rights to the mark represented by the '385 Application and would cause confusion among consumers of the relevant goods and services as to the source of the goods and services in light of Oasis International's prior federally registered and common law rights in the OASIS mark.

WHEREFORE, Oasis International prays that this Opposition against the whole of the '385 Application be sustained and that the Applicant be denied registration of Application Serial No. 86/852,385 for "O2SIS" in International Class 11 in association with "Lighting apparatus, namely, lighting installations; Heating elements, Steam generators and steam generating installations, Cooking ovens and cooking ranges, Refrigerating appliances and installations, Clothes drying machines, Ventilating exhaust fans; Air purifier; Humidifiers; Dehumidifiers;

Water purifiers for household purpose; Air conditioner; Refrigerator; Electric freezer; Wine coolers, namely, refrigerated cabinets containing racks for wine bottles and storage shelves; Gas refrigerators; Electric space cooling apparatus for household purposes; Electric light wave ovens for cooking, grilling and microwaving; Electric laundry dryers; Gas ranges; Microwave ovens; Gas cooktops.”

The Commissioner is also authorized to charge any additional fees which may be required to Deposit Account 19-4076.
